

Taste of the Wild®

WETLANDS CANINE RECIPE WITH ROASTED FOWL A GRAIN-FREE DIET

The balanced diet that nature intended®

Modern science proves that your dog shares the DNA of ancient canines, like the wolf. Years of domestication and excellent care have turned your dog from a fierce and wary hunter to a trusting best friend. Although their tastes demand something of the wild, their diet should provide them with all the nutrition they need to thrive.

And that is exactly what they get with Taste of the Wild.

ROASTED QUAIL, ROASTED DUCK & SMOKED TURKEY – This trio of richly flavored fowl provides highly digestible protein and a great taste your dog will crave.

SPECIES-SPECIFIC PROBIOTICS – Healthy digestive and immune systems are vital to the overall health of your pet. Our proprietary K9 Strain® Probiotics are developed specifically for dogs and added after the cooking process to ensure viability. Each pound of Taste of the Wild provides 80 million live, active cultures that help support healthy digestive and immune systems.

PROTEIN BLEND FOR OPTIMAL NUTRITION – Multiple protein sources ensure that adequate amounts of the building blocks for a healthy body are available to meet your dog's needs.

IDEAL FOR ADULT DOGS – This recipe is specifically designed to provide complete nutrition and help maintain the sleek condition of good health for your adult dog.

DRIED CHICORY ROOT – This source of prebiotic fiber provides fuel for the beneficial probiotic bacteria in the digestive system.

ANTIOXIDANTS – Vegetables, legumes and fruits, including sweet potatoes, peas, tomatoes, blueberries and raspberries, provide nutrients that help support your dog's overall well-being while guaranteed levels of zinc, selenium and vitamin E support the immune system.

TASTE OF THE WILD IS A FAMILY-OWNED BRAND,
