

DIAMOND NATURALS®

UNCOMPROMISING QUALITY AND PERFORMANCE, NATURALLY®

Made with the highest quality ingredients, Diamond Naturals provides complete, holistic nutrition for every pet. Each Diamond Naturals dry formula is enhanced with superfoods and guaranteed probiotics, for optimal nutrition and digestive support.

PROPRIETARY PROBIOTIC TECHNOLOGY

Diamond Naturals dry dog formulas are formulated with **K9 Strain® Probiotics**, beneficial bacteria that support digestive and immune systems and help your dog maintain an active lifestyle. **K9 Strain Probiotics** are developed specifically for dogs and processed under strict quality and safety standards to ensure purity. Every pound of Diamond Naturals is guaranteed to provide 80,000,000 colony forming units (CFU) of live, active probiotic cultures.

SUPERFOODS

Superfoods are unique foods that are particularly high in nutritional value. These ingredients, including kale, chia seed, pumpkin and blueberries, are sources of key nutrients, such as antioxidants, vitamins, minerals, fatty acids and proteins. Superfoods help provide more complete nutrition for your pet.

Lamb protein and proper fat levels provide the nutrients needed to sustain a large body while maintaining ideal body condition. Glucosamine and chondroitin help support joints, and omega-6 and omega-3 fatty acids from superfoods help maintain healthy skin and a shiny coat.

ANTIOXIDANTS

Powerful antioxidants and phytonutrients from superfoods such as blueberries, oranges, spinach and carrots help to support the immune system and a healthy lifestyle.

GLUCOSAMINE & CHONDROITIN

Guaranteed levels of these supplements help to support joints and cartilage.

OMEGA FATTY ACIDS

The superfoods chia seed and coconut, along with added flaxseed, provide the omega fatty acids that are essential for healthy skin, a shiny coat and overall well-being.

DIGESTIVE SUPPORT

A blend of soluble and insoluble fibers from chia seed, pumpkin, dried kelp and coconut, combined with prebiotic fiber from dried chicory root, helps support a healthy digestive system.

PASTURE-RAISED LAMB PROTEIN

Lamb meal, along with peas, chia seed and quinoa, provides protein for bones and muscles and lots of energy, helping your dog stay active and fit.

VEGETABLES AND FRUITS

Brightly colored vegetables and fruits like kale, blueberries, carrots and papaya provide an excellent spectrum of phytonutrients and an optimal array of vitamins.

CHANGING TO DIAMOND NATURALS LARGE BREED ADULT DOG LAMB MEAL & RICE FORMULA

Changing your pet's diet should be a gradual process. Start by adding a small amount of your pet's new food to their current food. Gradually increase the new food amount and decrease the current food amount at each feeding. Continue this method for approximately one week. For sensitive dogs, extend the period to 10 to 14 days.

AAFCO STATEMENT

Diamond Naturals® Large Breed Adult Dog Lamb Meal & Rice Formula is formulated to meet the nutritional levels established by the AAFCO Dog Food Nutrient Profiles for maintenance.
